*Emigrants recommended for rejection.*

Number of emigrants per steamship *Manchuria* recommended May 30 for rejection: For San Francisco, 6.

*Report from Shanghai—Inspection of vessels—Communicable diseases—Smallpox—Niuchwang quarantines against Amoy.*

Acting Assistant Surgeon Ransom reports, June 8, as follows:

During the week ended June 3, 1905, 2 supplemental bills of health were issued to 2 vessels, with an aggregate personnel of 508. Two vessels, 31½ crew, 42 cabin, and 84 steerage passengers, were inspected, and the effects of 5 of the latter, consisting of 6 pieces of baggage, were disinfected. Ninety-eight pieces of baggage were inspected and passed. Manifests were vised for 4,269 pieces of freight and 40 pieces (human hair) per steamship *Manchuria* were disinfected with formalin. Vaccination certificates were issued to 6 persons bound to United States ports. One emigration examination was made and the individual recommended for rejection on account of trachoma.

The weekly report of the municipal health officer shows that there were reported among foreigners 1 new case of smallpox, 2 new cases each of enteric fever and diphtheria, and 1 new case of tuberculosis; among natives, 3 deaths from diphtheria and 20 deaths from tuberculosis. The total reported mortality was 2 foreigners and 106 natives.

No quarantinable diseases were reported from outports, but the authorities at Niuchwang have declared quarantine against Amoy.

## COSTA RICA.

*Report from Limon, fruit port.*

Acting Assistant Surgeon Goodman reports as follows: Week ended July 8, 1905. Estimated population, 4,000; number of deaths, 5; prevailing disease, malarial fever; general sanitary condition of this port and the surrounding country during the week, good.
